Applicants who have studied abroad are required to submit a certificate of equivalence/recognition of studies issued by the ME and CNRED. Candidates may submit the applications themselves - strongly recommended in order to be able to apply for the July admissions, but they may also seek assistance from CCI/ISD in obtaining the equivalence/recognition certificate. In which case, their diplomas will be forwarded via CCI/ISD to MEC and CNRED. The deadline for submitting documents to ISD (Institute for Doctoral Studies) is **17 June 2024**. Candidates who take this route will most likely only be able to apply for admission in September, as the issuing of certificates is a lengthy process.

Candidates who have already successfully cleared the recognition proceedings and have completed the application forms are eligible for admission in July 2024 according to the timetable posted for the other applicant categories.

**Once the selection rounds have ended, each doctoral school has to publish the admission results in order to observe the right of appeal. [Any appeals, relating to the written examinations, will be submitted to the Doctoral School affiliated to the doctoral supervisor of the applicant within 24 hours of the publication of results, and the appeal results will be published no later than 24 hours from the closing date for appeals.](#)*

Information on the application process and the scheduling of the competitive examinations will be published on the website of the Institute for Doctoral Studies at <http://doctorat.ubbcluj.ro/>.
